SK hynix LPDDR5X Mobile DRAM - DATASHEET

Manufacturer: SK hynix
Part Number: H9HCNNNCPMML
Category: Memory / LPDDR5X
Document Revision: Rev B
Language: en

Overview

The SK hynix H9HCNNNCPMML is a 16 GB LPDDR5X mobile DRAM package optimized for flagship smartphones, tablets and on-device AI. Data rate up to 8533 Mbps, 1.05V VDD2H supply, about 68 GB/s bandwidth on a 64-bit bus. Supports dynamic voltage and frequency scaling and deep sleep mode. Package: FBGA 315-ball.

Key Specifications Summary

capacity: 16GB. speed: 8533MT. voltage: 1.05V. channels: 2x16bit. power_active: 0.8W.
